

Describe the Data Using the Median

Lesson 2-3

Name: Type your name

Date: Today's date

Class: Class period

TODAY'S OBJECTIVES

Content Objective: I can find the median of a data set and use it to describe what is typical.

Language Objective: I can explain the median using the words order, middle, typical, and half.

See **Learn It** for the explanation and worked examples, and the **Vocab** tab for the words. These are your notes to fill in and keep.

Fill in each blank as we go. Use the Word Bank to help you.

WORD BANK — FILL EACH BLANK WITH THE BEST WORD

Describe the Data Using the Median

Median

Mode

Outlier

Data distribution

Variability

Tap any word to see what it means and a picture.

Level 3: try the blanks from memory first, then check the bank.

1

When one value sits far from the rest, describe the typical value with the

2

The middle value of a data set when the numbers are in order is the

3

The value that appears most often in a data set is the

4

A value that is much larger or smaller than the rest of the data is an

5 The way data values are spread out is the .

6 How spread out the data values are is the .

Write About the Math

Guided ESOL writing

Use the support level you need. Every level answers the same math question.

1. Understand the Question

EXPLAIN

Who is using the mean, and who is using the mode? Which is more useful here?

Your job: Answer the question. Use math evidence. Explain how the evidence proves your answer.

Responde la pregunta. Usa evidencia matemática. Explica cómo la evidencia demuestra tu respuesta.

2. Plan Your Math Words

Check at least two words you will use.

- ☐ **Describe the Data Using the Median** — Using the middle value of the ordered data to say what is typical for the whole set.

Describir los datos con la mediana — Usar el valor del medio de los datos ordenados para decir qué es típico en todo el conjunto.

- ☐ **Median** — The middle number when you put them in order.

Mediana — El número del medio cuando los pones en orden.

- ☐ **Mode** — The number that shows up most often.

Moda — El número que aparece más veces.

- ☐ **Outlier** — A number that is much bigger or smaller than the rest.

Valor atípico — Un número mucho mayor o menor que los demás.

- ☐ **Data distribution** — How the data looks: where it sits and how spread out it is.

Distribución de datos — Cómo se ven los datos: dónde están y qué tan separados están.

Say it first: Say your idea to a partner or quietly to yourself before you write.

Di tu idea a un compañero o en voz baja antes de escribir.

The teacher used the ____ (about 86.6). The student used the ____ (92).

The ____ is more useful here because ____.

Di tu respuesta primero: Mi respuesta es ____ porque ____.

3. Build Your Explanation

Model the parts: This model shows the parts of an explanation. It does not answer your writing question.

Claim: Mean, median, and mode each describe the center of the data in a different way.

Evidence: Students distinguish the three measures and justify a choice, noting the mode (38) is the most repeated and the mean/median sit near the center.

Reasoning: This evidence connects the definition of describe the data using the median to the mathematical claim.

Start

Most language support

Complete the frames. Use the word bank.

Completa las oraciones. Usa el banco de palabras.

- The teacher used the ____ (about 86.6). The student used the ____ (92). The ____ is more useful here because ____.
- My answer is ____.

Mi respuesta es ____.

Build

Some language support

Write two connected sentences. Use because, so, or but.

Escribe dos oraciones conectadas. Usa porque, entonces o pero.

- My claim is ____.
- I know because ____.

Mi afirmación es ____.

Lo sé porque ____.

- So ____.

Entonces ____.

Explain

Light language support

Write a claim, give math evidence, and explain your reasoning.

Escribe una afirmación, da evidencia matemática y explica tu razonamiento.

- **My claim is ____.**
Mi afirmación es ____.
- **My math evidence is ____.**
Mi evidencia matemática es ____.
- **This proves ____ because ____.**
Esto demuestra ____ porque ____.

4. Check Your Explanation

- ☐ I answered the question.
Respondí la pregunta.
- ☐ I used math evidence: numbers, an equation, a model, or a comparison.
Usé evidencia matemática: números, una ecuación, un modelo o una comparación.
- ☐ I explained how the evidence proves my answer.
Explicué cómo la evidencia demuestra mi respuesta.
- ☐ I used at least two math words.
Usé por lo menos dos palabras matemáticas.
- ☐ I reread complete sentences and punctuation.
Volví a leer mis oraciones completas y la puntuación.
