

Integers and Absolute Value

Lesson 9-2

Name: _____ **Date:** _____ **Class:** _____

TODAY'S OBJECTIVES

Content Objective: I can identify integers and find their absolute value.

Language Objective: I can explain my reasoning using the words integer, positive, negative, absolute value, and opposite.

See **Learn It** for the explanation and worked examples, and the **Vocab** tab for the words. These are your notes to fill in and keep.

Fill in each blank as we go. Use the Word Bank to help you.

WORD BANK — FILL EACH BLANK WITH THE BEST WORD

Integer

Positive

Negative

Absolute value

Opposite

Tap any word to see what it means and a picture.

Level 3: try the blanks from memory first, then check the bank.

1

A whole number or its opposite, like -2 , 0 , or 5 , is an

2

A number greater than zero is

3

A number less than zero is

4

The distance of a number from zero, always positive, is its

5

Two numbers the same distance from zero but on different sides, like 4 and -4 , are

Write About the Math

Guided ESOL writing

Use the support level you need. Every level answers the same math question.

1. Understand the Question

DESCRIBE

A diver is at -30 feet and a hawk is at +30 feet. How can absolute value help you describe how far each is from sea level?

Your job: Answer the question. Use math evidence. Explain how the evidence proves your answer.

Responde la pregunta. Usa evidencia matemática. Explica cómo la evidencia demuestra tu respuesta.

2. Plan Your Math Words

Check at least two words you will use.

☐ **Integer** — A whole number that can be positive, negative, or zero.
Número entero — Un número entero que puede ser positivo, negativo o cero.

☐ **Positive** — A number bigger than zero, to the right of zero on a number line.
Positivo — Un número mayor que cero, a la derecha del cero en la recta numérica.

☐ **Negative** — A number smaller than zero, to the left of zero on a number line.
Negativo — Un número menor que cero, a la izquierda del cero en la recta numérica.

☐ **Absolute value** — How far a number is from zero. It is never negative.
Valor absoluto — Qué tan lejos está un número de cero. Nunca es negativo.

☐ **Opposite** — Two numbers the same distance from zero, on opposite sides, like 3 and -3.
Opuesto — Dos números a la misma distancia de cero, en lados opuestos, como 3 y -3.

Say it first: Say your idea to a partner or quietly to yourself before you write.

Di tu idea a un compañero o en voz baja antes de escribir.

The diver is ____ feet from sea level because $|-30| =$ ____.

El buzo está a ____ pies del nivel del mar porque $|-30| =$ ____.

3. Build Your Explanation

Model the parts: This model shows the parts of an explanation. It does not answer your writing question.

Claim: -5 and 5 are the same distance from zero because ____.

Evidence: Student says both are 5 units from zero (same absolute value) but are opposites because of their signs.

Reasoning: This evidence connects the definition of integer to the mathematical claim.

Start

Most language support

Complete the frames. Use the word bank.

Completa las oraciones. Usa el banco de palabras.

- **The diver is ____ feet from sea level because $|-30| =$ ____.**

El buzo esta a ____ pies del nivel del mar porque $|-30| =$ ____.

- **The hawk is ____ feet from sea level because $|30| =$ ____.**

El halcon esta a ____ pies del nivel del mar porque $|30| =$ ____.

Build

Some language support

Write two connected sentences. Use because, so, or but.

Escribe dos oraciones conectadas. Usa porque, entonces o pero.

- **My claim is ____.**

Mi afirmación es ____.

- **I know because ____.**

Lo sé porque ____.

- **So ____.**

Entonces ____.

Explain

Light language support

Write a claim, give math evidence, and explain your reasoning.

Escribe una afirmación, da evidencia matemática y explica tu razonamiento.

- **My claim is ____.**
Mi afirmación es ____.
- **My math evidence is ____.**
Mi evidencia matemática es ____.
- **This proves ____ because ____.**
Esto demuestra ____ porque ____.

4. Check Your Explanation

- ☐ I answered the question.
Respondí la pregunta.

- ☐ I used math evidence: numbers, an equation, a model, or a comparison.
Usé evidencia matemática: números, una ecuación, un modelo o una comparación.

- ☐ I explained how the evidence proves my answer.
Explicué cómo la evidencia demuestra mi respuesta.

- ☐ I used at least two math words.
Usé por lo menos dos palabras matemáticas.

- ☐ I reread complete sentences and punctuation.
Volví a leer mis oraciones completas y la puntuación.
