

## Unit 4

# Working with Percents

---

[Teacher Guide](#) · [Contents](#) · [Lesson Map](#)

- Lesson 4-1**      Percent Means Per Hundred · Percents Greater Than 100%
- Lesson 4-2**      Fractions, Decimals, Percents · Compare and Order
- Lesson 4-3**      Estimate with Benchmarks · Estimate a Percent of a Number
- Lesson 4-4**      Find the Percent of a Number · Compare Percents
- Lesson 4-5**      Find the Whole · Solve for the Whole

## What's in each lesson folder

|                              |                                                                                                                                      |
|------------------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| <b>N.M.pptx</b>              | Teaching slides for both sessions (warm-up, launch, worked examples, practice).                                                      |
| <b>Warm-Up</b>               | One page of skills the lesson assumes. Answers: Unit Warm-Up Key.                                                                    |
| <b>Prerequisite Practice</b> | A and B sheets per session for students who need a missing skill first, plus a key.                                                  |
| <b>Guided Notes</b>          | One fill-in page per session. Students complete it during the lesson.                                                                |
| <b>Practice</b>              | Form A (class) and Form B (reteach / retake) per session. Two pages, 12 problems, self-check code.                                   |
| <b>Exit Tickets</b>          | One page per session, two tickets per page. Three quick items and a self-rating.                                                     |
| <b>Homework</b>              | Homework Packet: one page per session. Level 1: same problems and answers, with a word bank, step frames and larger type.            |
| <b>Answer Key</b>            | Every answer for notes, practice (both forms), exit tickets and homework; talk prompts, partner task, misconceptions; item analysis. |

## A lesson in two sessions

|                  |                                                                                                                   |
|------------------|-------------------------------------------------------------------------------------------------------------------|
| <b>Session 1</b> | Warm-Up → slides + Guided Notes (page 1) → Practice Form A → Exit Ticket → Homework Sheet 1                       |
| <b>Session 2</b> | Slides + Guided Notes (page 2) → Practice Form A → Exit Ticket → Homework Sheet 2                                 |
| <b>Next day</b>  | Sort exit tickets into got it / almost / need help. Use Form B or Prerequisite Practice with the last two groups. |

# Lesson map

| Lesson | Session                            | Standard  | Learning target                                                                   |
|--------|------------------------------------|-----------|-----------------------------------------------------------------------------------|
| 4-1    | 1 · Percent Means Per Hundred      | 6.RP.A.3c | I can write a ratio as a percent by finding the equivalent ratio out of 100.      |
| 4-1    | 2 · Percents Greater Than 100%     | 6.RP.A.3c | I can use percents greater than 100% to describe an amount larger than the whole. |
| 4-2    | 1 · Fractions, Decimals, Percents  | 6.RP.A.3c | I can write the same value as a fraction, a decimal, and a percent.               |
| 4-2    | 2 · Compare and Order              | 6.RP.A.3c | I can compare and order values written as fractions, decimals, and percents.      |
| 4-3    | 1 · Estimate with Benchmarks       | 6.RP.A.3c | I can estimate a percent by comparing an amount to benchmark percents.            |
| 4-3    | 2 · Estimate a Percent of a Number | 6.RP.A.3c | I can estimate a percent of a number using friendly percents and rounded amounts. |
| 4-4    | 1 · Find the Percent of a Number   | 6.RP.A.3c | I can find the percent of a number exactly.                                       |
| 4-4    | 2 · Compare Percents               | 6.RP.A.3c | I can compare two records fairly by converting each one to a percent.             |
| 4-5    | 1 · Find the Whole                 | 6.RP.A.3c | I can find the whole when I know a part and the percent it represents.            |
| 4-5    | 2 · Solve for the Whole            | 6.RP.A.3c | I can write and solve an equation to find the whole from a part and a percent.    |
