

LESSON 4-1 • SESSION 2 • PRACTICE • FORM B

Percents Greater Than 100%

Learning target – I can use percents greater than 100% to describe an amount larger than the whole. • 6.RP.A.3c

REMEMBER

- **100%** is one whole. More than 100% means **more than one whole**. Always name the whole.
- Find 10% of the whole, then count tens: if the whole is 20, 10% is 2, so 30 is 15 tens = 150%.
- "3 times as much" is **300%**. 130% means 1.3 times as much.

WORKED EXAMPLE

A puppy weighed 5 lb last month. Now it weighs 8 lb. Last month is the whole.

Step 1 Whole: 5 lb = 100%.

Step 2 1 lb = $100\% \div 5 = 20\%$.

Step 3 8 lb = $8 \times 20\% = 160\%$.

Answer 8 lb is **160% of last month's weight**

WORDS the whole (*el todo*) • times as much (*veces más*) • greater than 100% (*mayor que 100%*)

PRACTICE

show your work • label units

1. Write each amount as a percent of the whole.

a. 5 times as much = ____ %

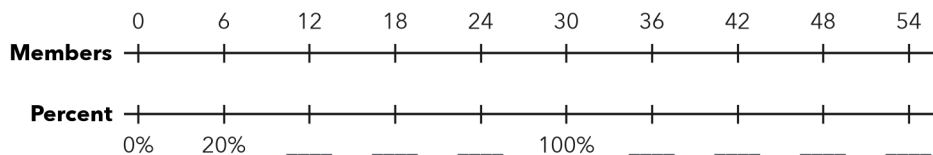

b. 1.4 times as much = ____ %

c. 3.5 times as much = ____ %

d. 1.1 times as much = ____ %

2. **Garden Group.** A garden group had 30 members last year (the whole). This year it has 54 members. Fill in the double number line. Write this year as a percent of last year.

Hint 6 members is 20% of 30.

This year _____ %

3. **Practice Minutes.** Cole practiced piano 25 minutes on Monday and 40 minutes on Tuesday.

a. Tuesday as a % of Monday: _____ %

b. Monday as a % of Tuesday: _____ %

4. **Jump Rope.** Deshawn jumped 50 times on Monday (the whole) and 85 times on Friday. Friday is what percent of Monday?

Hint 10% of 50 is 5. Count the 5s up to 85.

Show your work.

Answer _____ %

5. **Video Views.** A first video got 400 views. A second video got 1,000 views. The second is what percent of the first?

Show your work.

Answer _____ %

6. **Recipe Tripling.** Rosa triples a muffin recipe. She says the new batch is 3% of the first batch. Correct her claim.

Show your work.

Answer _____ %

7. **Bean Plant.** A bean plant grew from 16 cm (the whole) to 20 cm in one week. The new height is what percent of 16 cm?

Hint $20 \div 16$ tells how many times as tall.

Show your work.

Answer _____ %

8. **Plant Growth.** A seedling was 10 cm tall in May and 32 cm tall in July. May is the whole.

- a. July height as a percent of May height: _____ %
- b. By what percent did the height increase? _____ %
- c. How are your two answers different? _____

Show your work.

FIND THE ERROR

explain the mistake, then fix it

9. **Theo’s Work.** A large pumpkin weighs 18 kg; a small one weighs 12 kg. Theo wrote, “The large pumpkin is 18% of the small one.” Explain his mistake and fix it.

TEST PRACTICE

choose the best answer

10. A percent greater than 100% means the amount is –
- A less than the whole
 - B equal to the whole
 - C more than the whole
 - D zero
11. 150% of a number is the same as –
- A 1.5 times it
 - B 15 times it
 - C 150 times it
 - D 0.15 times it

SELF-CHECK CODE

find your answer · copy its letter into that problem’s box · spell a math word

220%	180%	170%	25%	250%	320%	18%	85%	160%	62.5%
S	A	U	X	N	T	Q	Z	M	O
#2		#3a	#3b	#4	#5	#8a	#8b		

CHECK YOURSELF

☐ I can do this on my own
 ☐ I need a little help
 ☐ I have a question about #____
