Time: About 10 minutes. **Online activity:** thelanguagepage.com/access-practice-lab/Speaking/A/g23-s-a-garden-see?grades=2-3

Teacher page: Garden Helpers (Grades 2–3)

Use this page if the live activity will not load. Hand out page 1 and teach the same 10 minutes.
Objective: Students will tell what a person in the garden picture is doing and give a reason with "because," first aloud and then in writing.

Five steps

1. **Notice** 1 minute
   Show the garden picture. Ask: "Who do you see? What are they doing?" Take two quick answers.
2. **Speak** 2 minutes
   Read the prompt. Partners take turns with the frame. For a model first, open the activity and press "Hear Leo, age 8 answer first."
3. **Write** 3 minutes
   Students write one or two sentences on paper with the frame. Allow a quick drawing or home-language notes first.
4. **Improve** 2 minutes
   Give one cue only: "Add a reason that starts with because." Students add it and read the new sentence once.
5. **Share** 2 minutes
   Two or three students read their sentences and say what they added.

Example learner work

Example first response	Example improved response
I see a girl. She has a watering can.	I see a girl with a watering can. The girl is watering the plants because plants need water to grow.

The improved response says what the girl is doing and gives a reason with "because."

One feedback cue	Add a reason that starts with "because."
Quick check	Ask students to point to the action and to "because" in their sentences. Count how many have both.
Follow-up	Students tell what the grown-up with the shovel is doing and why, then try "My Favorite Fruit," which uses the frame "I like ___ because ___."

Three support choices

More support
- Vocabulary: garden, plants, water, watering can, shovel, dig, grow.
- Visual reference: the garden picture stays on screen.
- Oral rehearsal: say it twice with a partner before writing.
- Sentence frame: The child is ___ because ___.

Some support
- Optional words: because, so, and.
- Reason prompt: "Why is she doing that?"

Greater independence
- Write about both people in the picture.
- Add a second reason with "so."

Students may plan in their home language before they say or write in English. Supports fade; the task stays the same. These are practical supports, not WIDA levels or alignments. If students will not record, use live partner talk. The activity needs no microphone.
