The 20 minutes

0–2 min	**Choose one focus.** Listening, speaking, reading or writing.
2–9 min	**Try one activity.** Complete a short sample as a learner and try one support.
9–14 min	**Adapt it.** Fill in the planning card.
14–18 min	**Rehearse classroom use.** Explain it to a partner or rehearse your directions.
18–20 min	**Leave with one next step.** Activity, class, support, and when.

Activity	What to try	One classroom use
Listening ☐ **Who Waters the Garden?** /Listening/A/g23-l-a-garden-helper	Press “Hear the story again” and listen. Tap the picture that answers “Who waters the bean plants?” Press “Check.”	Center rotation: students listen with headphones and answer, then tell a partner how they knew.
Speaking ☐ **What Do You See in the Garden?** /Speaking/A/g23-s-a-garden-see	Press “Hear Leo, age 8 answer first” and listen to the model. Say your own answer aloud. “Hear the sentence starter” gives “I see ___.”	Partner talk: take turns naming and describing, then add one more detail.
Reading ☐ **Leo’s Library Card** /Reading/B/g23-r-b-library-card	Tap any sentence to hear it read aloud. Tap the picture that answers “What can Leo do with his card?” Press “Check.”	Reading group: read the passage together, then answer the question on your own.
Writing ☐ **My Favorite Fruit** /Writing/A/g23-w-a-favorite-fruit	Press “Hear the sentence starter” to hear “I like ___ because ___.” Look at the page students would print.	Exit ticket: students write the sentence, then trade papers and underline the word “because.”

Plan it

My students will practice…

Students will say or write…

I will offer this support…

I will look or listen for…

After feedback, students will try again by…

Say it to a partner: I will use ___ with ___ so students can ___. First, I will ___. Then students will ___.

Featured Lesson: Look, Say, Write

Garden Helpers, 10 minutes. Students will tell what a person in the garden picture is doing and give a reason with “because,” first aloud and then in writing.

> **Say to students:** “Look at the garden. Tell what the child is doing and why.” **Frame:** I see ___. The child is ___ because ___.

1. **Notice** 1 minute. Show the garden picture. Ask: “Who do you see? What are they doing?” Take two quick answers.
2. **Speak** 2 minutes. Read the prompt. Partners take turns with the frame. For a model first, open the activity and press “Hear Leo, age 8 answer first.”
3. **Write** 3 minutes. Students write one or two sentences on paper with the frame. Allow a quick drawing or home-language notes first.
4. **Improve** 2 minutes. Give one cue only: “Add a reason that starts with because.” Students add it and read the new sentence once.
5. **Share** 2 minutes. Two or three students read their sentences and say what they added.

Sample learner work

First response	Improved response
I see a girl. She has a watering can.	I see a girl with a watering can. The girl is watering the plants because plants need water to grow.

The improved response says what the girl is doing and gives a reason with “because.”

One feedback cue	Add a reason that starts with “because.”
Quick check	Ask students to point to the action and to “because” in their sentences. Count how many have both.
Follow-up	Students tell what the grown-up with the shovel is doing and why, then try “My Favorite Fruit,” which uses the frame “I like ___ because ___.”

Three support choices Supports fade; the task stays the same.

More support
- Vocabulary: garden, plants, water, watering can, shovel, dig, grow.
- Visual reference: the garden picture stays on screen.
- Oral rehearsal: say it twice with a partner before writing.
- Sentence frame: The child is ___ because ___.

Some support
- Optional words: because, so, and.
- Reason prompt: “Why is she doing that?”

Greater independence
- Write about both people in the picture.
- Add a second reason with “so.”

These are practical supports, not WIDA levels or alignments. Students may plan in their home language before they say or write in English.
