UNIT 6 · STANDARD 6.AT.7

# Simplify Algebraic Expressions

Lesson 6-15

**Name:** _____ **Date:** _____ **Class:** _____

## My Notes

Level 1 Support

🎯 **TODAY'S OBJECTIVES**

**Content Objective: I can simplify algebraic expressions by combining like terms.**

**Language Objective: I can explain my steps using the words like terms, combine, simplify, and coefficient.**

📖 See **Learn It** for the explanation and worked examples, and the **Vocab** tab for the words. These are your notes to fill in and keep.

✏️ **Fill in each blank as we go. Use the Word Bank to help you.**

📚 **WORD BANK — FILL EACH BLANK WITH THE BEST WORD**

Like Terms | Combine | Simplify | Coefficient | Term | Distributive property

1. Terms with the same variable part, like 3y and 8y, are _____.

2. To add or subtract like terms into a single term is to _____ them.

3. Rewriting an expression in a shorter form that is still equal to it is to _____ it.

4 The number multiplied by a variable is the _____ .

5 A number or variable separated by + or – signs is a _____ .

6 Multiplying each part of a sum by a number uses the _____ property.

## Write About the Math

**Simplify the total order expression. What does each part of the simplified expression tell you?**
*Simplifica la expresión del pedido total. ¿Qué te dice cada parte de la expresión simplificada?*

Say your answer to a partner first. Then write it, using at least two of these words:

- ☐ **Like Terms** *Términos semejantes*
- ☐ **Combine** *Combinar*
- ☐ **Simplify** *Simplificar*
- ☐ **Coefficient** *Coeficiente*
- ☐ **Term** *Término*

**Model:** *You can only combine items of the same type, just like like terms.* — Students explain microphones combine with microphones (4 + 2 + 6 = 12) but not with stands, connecting this to combining like terms in algebra.

## Start

Complete the frames. Use the word bank.

*Completa las oraciones. Usa el banco de palabras.*

- **The total order simplifies to ___m + ___. The ___ tells us ___ and the ___ tells us ___.**
- **My answer is ___ because ___.**
  *Mi respuesta es ___ porque ___.*

## Build

Write two connected sentences. Use because, so, or but.

*Escribe dos oraciones conectadas. Usa porque, entonces o pero.*

- **My claim is ___.**
  *Mi afirmación es ___.*
- **My evidence is ___, so ___.**
  *Mi evidencia es ___, entonces ___.*

## Explain

Write a claim, give math evidence, and explain your reasoning.

*Escribe una afirmación, da evidencia matemática y explica tu razonamiento.*

- [ ] I answered the question.
- [ ] I used math evidence: numbers, an equation, or a model.
- [ ] I used at least two math words.
