How it works

Audio first. Directions are read aloud, so no reading is needed.

Picture answers. Many answers are pictures to tap.

Your role. Sit beside your child and repeat their words in a full sentence.

Tonight: talk about a picture

Listen first
Press “Hear it again,” then hear the model student.

Talk
Your child says one thing they see: “I see ___.”

Finish
Press “I said my answer.” Say one thing they did well.

Good to know

- No account is needed to practice. Your work saves in this browser on this device.
- A microphone is never required. Recording starts only when a person presses Record, and recordings stay in the open tab.
- Use your home language to talk about ideas. Adults do not need perfect English to help.
