

# Lesson 2.1 Explain Your Thinking

## Session 1 · Statistical Questions

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

| English math word    | Spanish              |
|----------------------|----------------------|
| statistical question | pregunta estadística |
| variability          | variabilidad         |
| data                 | datos                |

### 1 · Represent the relationship

Point to, draw, or label the important quantities and units.

### 2 · Rehearse with a partner

The question is statistical because the values of \_\_\_\_ may \_\_\_\_.

### 3 · Choose a connected sentence

Because: My conclusion follows because \_\_\_\_.

But: Counts the number of people rather than deciding whether the measured values can vary. may seem reasonable, but \_\_\_\_ shows why it fails.

So: The relationship in my model is \_\_\_\_, so \_\_\_\_.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.

GRADE 6 MATHEMATICS | STUDENT SUPPORT  
Session 2 · Dot Plots and Shape

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

| English math word | Spanish            |
|-------------------|--------------------|
| dot plot          | diagrama de puntos |
| symmetric         | simétrico          |
| skewed            | sesgado            |
| most common value | valor más común    |

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

The peak is \_\_\_\_ because \_\_\_\_\_. The plot represents all \_\_\_\_ observations because \_\_\_\_\_.

3 · Choose a connected sentence

Because: My conclusion follows because \_\_\_\_\_.

But: Plots one dot for each distinct value and loses repetitions. may seem reasonable, but \_\_\_\_\_ shows why it fails.

So: The relationship in my model is \_\_\_\_\_, so \_\_\_\_\_.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.
