

Lesson 3.1 Explain Your Thinking

Session 1 · Understanding Ratios

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
ratio	razón
term	término
part-to-part	parte a parte
part-to-whole	parte al todo

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

The second term counts ____, so my ratio is ____ rather than ____.

3 · Choose a connected sentence

Because: My conclusion follows because ____.

But: Uses the other part as the whole or reverses the requested order. may seem reasonable, but ____ shows why it fails.

So: The relationship in my model is ____, so ____.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.

GRADE 6 MATHEMATICS | STUDENT SUPPORT

Session 2 · Ratios and Tape Diagrams

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
tape diagram	diagrama de cinta
unit	unidad
total parts	partes totales

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

There are ____ equal parts in all, so one part is ____ and the shares are ____.

3 · Choose a connected sentence

Because: My conclusion follows because ____.

But: Divides the total by only one ratio term. may seem reasonable, but ____ shows why it fails.

So: The relationship in my model is ____, so ____.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.
