

Lesson 3.6 Explain Your Thinking

Session 1 · Customary Unit Conversions

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
customary units	unidades usuales
convert	convertir
conversion factor	factor de conversión

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

The exact length is ____ yards, but I buy ____ because ____ would not be enough.

3 · Choose a connected sentence

Because: My conclusion follows because ____.

But: Rounds a required purchase down or uses the wrong unit fact. may seem reasonable, but ____ shows why it fails.

So: The relationship in my model is ____, so ____.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.

GRADE 6 MATHEMATICS | STUDENT SUPPORT
Session 2 · Metric Unit Conversions

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
metric units	unidades métricas
powers of 10	potencias de 10
convert	convertir

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

The numerical measure changed from ____ to ____, but the quantity stayed the same because ____.

3 · Choose a connected sentence

Because: My conclusion follows because ____.

But: Divides numbers expressed in different units or moves a decimal without identifying a scale factor. may seem reasonable, but ____ shows why it fails.

So: The relationship in my model is ____, so ____.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.
