

Lesson 6.3 Explain Your Thinking

Session 1 · Writing Repeated Factors as Powers

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
power	potencia
base	base
exponent	exponente

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

My model or expression represents ____ because _____. The structure shows ____, so the result is _____.

3 · Choose a connected sentence

Because: My conclusion follows because _____.

But: Multiplies base by exponent. may seem reasonable, but _____ shows why it fails.

So: The relationship in my model is _____, so _____.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.

GRADE 6 MATHEMATICS | STUDENT SUPPORT

Session 2 · Finding the Value of a Power

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
evaluate	evaluar
squared	al cuadrado
cubed	al cubo
expanded form	forma desarrollada

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

My model or expression represents ____ because _____. The structure shows ____, so the result is ____.

3 · Choose a connected sentence

Because: My conclusion follows because _____.

But: Treats exponentiation as commutative multiplication. may seem reasonable, but _____ shows why it fails.

So: The relationship in my model is _____, so _____.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.
