

Lesson 9.4 Explain Your Thinking

Session 1 · Substitute and Solve

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
substitute	sustituir
equation	ecuación
reasonable	razonable

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

The output ____ depends on ____ because the rule _____. Therefore _____.

3 · Choose a connected sentence

Because: My conclusion follows because _____.

But: Adds the fee before multiplying or gives a value without answering the decision. may seem reasonable, but _____ shows why it fails.

So: The relationship in my model is _____, so _____.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.

Session 2 · Working Backward to a Goal

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
work backward	trabajar hacia atrás
inverse operation	operación inversa
goal	meta

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

The output ____ depends on ____ because the rule _____. Therefore _____.

3 · Choose a connected sentence

Because: My conclusion follows because _____.

But: Always rounds up, including a maximum-budget problem. may seem reasonable, but _____ shows why it fails.

So: The relationship in my model is _____, so _____.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.
