

Lesson 6.5 Explain Your Thinking

Session 1 · Writing Algebraic Expressions

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
variable	variable
coefficient	coeficiente
constant	constante
algebraic expression	expresión algebraica

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

My model or expression represents ____ because _____. The structure shows ____, so the result is ____.

3 · Choose a connected sentence

Because: My conclusion follows because _____.

But: Repeats the fixed fee or writes an equation without an equality relationship. may seem reasonable, but _____ shows why it fails.

So: The relationship in my model is _____, so _____.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.

GRADE 6 MATHEMATICS | STUDENT SUPPORT

Session 2 · Evaluating Algebraic Expressions

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
substitute	sustituir
evaluate	evaluar
variable	variable

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

My model or expression represents ____ because _____. The structure shows ____, so the result is ____.

3 · Choose a connected sentence

Because: My conclusion follows because _____.

But: Adds before multiplying or treats $6p$ as $6+p$. may seem reasonable, but _____ shows why it fails.

So: The relationship in my model is _____, so _____.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.
