

Lesson 8.1 Explain Your Thinking

Session 1 · Equations and Solutions

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
equation	ecuación
solution	solución
substitute	sustituir

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

The value or set ____ makes the statement true because ____ . I check it by ____ .

3 · Choose a connected sentence

Because: My conclusion follows because ____ .

But: Accepts a proposed value without testing the original equality. may seem reasonable, but ____ shows why it fails.

So: The relationship in my model is ____ , so ____ .

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.

GRADE 6 MATHEMATICS | STUDENT SUPPORT
Session 2 · Writing Equations

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
equation	ecuación
variable	variable
unknown	incógnita

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

The value or set ____ makes the statement true because _____. I check it by _____.

3 · Choose a connected sentence

Because: My conclusion follows because _____.

But: Models the unknown as the remaining amount instead of the removed amount. may seem reasonable, but _____ shows why it fails.

So: The relationship in my model is _____, so _____.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.
