

Lesson 8.5 Explain Your Thinking

Session 1 · Graphing Inequalities

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
boundary point	punto límite
closed circle	círculo cerrado
open circle	círculo abierto

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

The value or set ____ makes the statement true because _____. I check it by _____.

3 · Choose a connected sentence

Because: My conclusion follows because _____.

But: Chooses arrow direction from the symbol’s appearance without checking a value. may seem reasonable, but _____ shows why it fails.

So: The relationship in my model is _____, so _____.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.

GRADE 6 MATHEMATICS | STUDENT SUPPORT

Session 2 · Testing Solutions to Inequalities

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
substitute	sustituir
solution	solución
true statement	enunciado verdadero

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

The value or set ____ makes the statement true because _____. I check it by _____.

3 · Choose a connected sentence

Because: My conclusion follows because _____.

But: Reports only the listed candidates as the complete solution set. may seem reasonable, but _____ shows why it fails.

So: The relationship in my model is _____, so _____.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.
