

Lesson 9.2 Explain Your Thinking

Session 1 · From Table to Graph

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
ordered pair	par ordenado
coordinates	coordenadas
axis	eje

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

The output ____ depends on ____ because the rule ____ . Therefore ____ .

3 · Choose a connected sentence

Because: My conclusion follows because ____ .

But: Connects every intermediate point without considering the context. may seem reasonable, but ____ shows why it fails.

So: The relationship in my model is ____ , so ____ .

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.

GRADE 6 MATHEMATICS | STUDENT SUPPORT
Session 2 · Analyzing a Graph

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
rate of change	tasa de cambio
unit rate	tasa unitaria
steeper	más empinada

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

The output ____ depends on ____ because the rule _____. Therefore _____.

3 · Choose a connected sentence

Because: My conclusion follows because _____.

But: Uses y/x for a relationship with a nonzero starting amount. may seem reasonable, but _____ shows why it fails.

So: The relationship in my model is _____, so _____.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.
