

Lesson 9.3 Explain Your Thinking

Session 1 · Equations from Tables

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
equation	ecuación
constant	constante
rate	tasa

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

The output ____ depends on ____ because the rule ____ . Therefore ____ .

3 · Choose a connected sentence

Because: My conclusion follows because ____ .

But: Confuses constant difference with constant ratio or divides by zero. may seem reasonable, but ____ shows why it fails.

So: The relationship in my model is ____ , so ____ .

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.

GRADE 6 MATHEMATICS | STUDENT SUPPORT

Session 2 · Equations from Situations

Use the “Model, reason, and explain” task in your Guided Notes. Keep the same mathematical task; choose only the support you need.

English math word	Spanish
unit rate	tasa unitaria
multiplicative rule	regla multiplicativa
additive rule	regla aditiva

1 · Represent the relationship

Point to, draw, or label the important quantities and units.

2 · Rehearse with a partner

The output ____ depends on ____ because the rule _____. Therefore _____.

3 · Choose a connected sentence

Because: My conclusion follows because _____.

But: Multiplies the fixed fee by the number of items or leaves variables undefined. may seem reasonable, but _____ shows why it fails.

So: The relationship in my model is _____, so _____.

Check: I answered the task, included mathematical evidence, and explained the connection. Next time I can try with one fewer support.
