Unit 3 Midunit Check Teacher Key

4 items · 3 points each · 12 total. Award 1 for a valid model/setup, 1 for correct mathematics/units, and 1 for a requested justification. Use the applicable evidence when the task is conceptual; accept equivalent methods and response modes. Do not count writing length as mathematical mastery.

Item 1

Prompt: There are 6 blue and 9 yellow counters. Give blue:yellow and blue:all in simplest form, explaining the whole.

Solution / evidence: 2:3 and 2:5; all includes both colors.

Item 2

Prompt: A machine makes 36 pages in 3 minutes at a steady rate. Give unit rate and output in 4 minutes.

Solution / evidence: 12 pages/minute; 48 pages.

Item 3

Prompt: A pack of 3 pens costs $2.4; a pack of 5 costs $3.75. Compare unit prices.

Solution / evidence: $0.80 versus $0.75 per pen; second pack has lower unit price.

Item 4

Prompt: A mixture is 4:6. Find the second amount when the first is 6. Show equivalent scaling.

Solution / evidence: 9; factor 3/2 or bridge 2:3.

Response: group errors by interpretation/model versus calculation versus explanation. Use the corresponding lesson Teaching Support Guide, revise one step, and reassess with its reserved fresh check. Do not reuse the already seen form as independent evidence.
