Unit 7 Readiness Check Teacher Key

3 items · 3 points each · 9 total. Award 1 for a valid model/setup, 1 for correct mathematics/units, and 1 for a requested justification. Use the applicable evidence when the task is conceptual; accept equivalent methods and response modes. Do not count writing length as mathematical mastery.

Item 1

Prompt: A location is 2 m below sea level. Write signed elevation and explain zero.

Solution / evidence: −2 m; zero is sea level.

Item 2

Prompt: Compare −6 and 2 by ordinary value and distance from zero.

Solution / evidence: 2 is greater; −6 is farther from zero.

Item 3

Prompt: Reflect (2,−2) across x then y. Also identify the result for (0,3) reflected across y.

Solution / evidence: (2,2), then (−2,2); (0,3) remains fixed.

Response: group errors by interpretation/model versus calculation versus explanation. Use the corresponding lesson Teaching Support Guide, revise one step, and reassess with its reserved fresh check. Do not reuse the already seen form as independent evidence.
