

Math is Mine

Lesson 10-6

Name:

Date:

Class:

TODAY'S OBJECTIVES

Content Objective: I can look back at my answers from Lesson 1-1, describe how my math biography has changed this year, and recognize ways we are all doers of math.

Language Objective: I can compare my beginning-of-year and end-of-year math stories using the words then, now, changed, and grown.

See **Learn It** for the explanation and worked examples, and the **Vocab** tab for the words. These are your notes to fill in and keep.

Fill in each blank as we go. Use the Word Bank to help you.

WORD BANK — FILL EACH BLANK WITH THE BEST WORD

math biography

reflect

growth

confidence

community

Tap any word to see its meaning and a picture.

1

The story of your relationship with math over time is your

2

To look back at what you did and think about what it means is to

3

The change between what you could do before and what you can do now is

4

Trusting yourself to try, even when the first attempt may fail, is

5

The people and places around you where math shows up are your

Write About the Math

How does your classmate's end-of-school-year math story compare to your story?

¿Cómo se compara la historia matemática de fin de año escolar de tu compañero con la tuya?

Say your answer to a partner first. Then write it, using at least two of these words:

☐ **math biography**
biografía matemática

☐ **reflect**
reflexionar

☐ **growth**
crecimiento

☐ **confidence**
confianza

☐ **community**
comunidad

Model: $80 \text{ riders per turn} \times 6 \text{ turns an hour} = 480 \text{ riders an hour}$, using a rate — a tool this year's math added. — A strong answer multiplies $80 \times 6 = 480$ correctly and names 'rate' as the new tool. A weak answer gives 480 with no explanation of what changed since September.

Start

Complete the frames. Use the word bank.

Completa las oraciones. Usa el banco de palabras.

- **Describe how your math story has ____ this year, ask a ____ about their story, and then ____ the two to see how they are alike and different.**
- **My answer is ____ because ____.**

Mi respuesta es ____ porque ____.

Build

Write two connected sentences. Use because, so, or but.

Escribe dos oraciones conectadas. Usa porque, entonces o pero.

- **My claim is ____.**
Mi afirmación es ____.
- **My evidence is ____, so ____.**
Mi evidencia es ____, entonces ____.

Explain

Write a claim, give math evidence, and explain your reasoning.

Escribe una afirmación, da evidencia matemática y explica tu razonamiento.

☐ I answered the question.

☐ I used math evidence: numbers, an equation, or a model.

☐ I used at least two math words.
