

# Divide Multi-Digit Numbers Using an Algorithm

Lesson 2-6

**Name:**

**Date:**

**Class:**

---

## TODAY'S OBJECTIVES

**Content Objective:** I can divide multi-digit whole numbers and explain the meaning of the quotient and remainder.

**Language Objective:** I can explain my division using the words dividend, divisor, quotient, and remainder.

See **Learn It** for the explanation and worked examples, and the **Vocab** tab for the words. These are your notes to fill in and keep.

Fill in each blank as we go. Use the Word Bank to help you.

## WORD BANK — FILL EACH BLANK WITH THE BEST WORD

Algorithm

Dividend

Divisor

Quotient

Remainder

Divide Multi-Digit Numbers

Long division

Bring down

Tap any word to see its meaning and a picture.

1

A step-by-step set of rules to solve a problem is called an

2

In  $84 \div 7$ , the total amount 84 being divided is the

3

In  $84 \div 7$ , the number 7 that you divide by is the

4

The answer to a division problem is called the

5

When a number does not divide evenly, the amount left over is the

6 Long division repeats four steps: divide, multiply, subtract,

.

7 The method that repeats divide, multiply, subtract, and bring down is called

.

8 After you subtract in long division, the next step is to

the next digit.

## Write About the Math

**How does multi-digit division help the school figure out how many pencils each classroom gets?**

*¿Cómo ayuda la división de varios dígitos a la escuela a averiguar cuántos lápices recibe cada salón?*

Say your answer to a partner first. Then write it, using at least two of these words:

☐ **Algorithm**  
*Algoritmo*

☐ **Dividend**  
*Dividendo*

☐ **Divisor**  
*Divisor*

☐ **Quotient**  
*Cociente*

☐ **Remainder**  
*Residuo*

**Model:** *Estimating with friendly numbers checks whether the quotient is reasonable.* — Students estimate using  $1,200 \div 12 = 100$  (or similar) to predict roughly 100+ bars per section, identifying 1,344 as the dividend and 12 as the divisor.

### Start

Complete the frames. Use the word bank.

*Completa las oraciones. Usa el banco de palabras.*

- **Each classroom gets \_\_\_\_ pencils because  $1,680 \div 24 =$  \_\_\_\_.**
- **My answer is \_\_\_\_ because \_\_\_\_.**  
*Mi respuesta es \_\_\_\_ porque \_\_\_\_.*

---

### Build

Write two connected sentences. Use because, so, or but.

*Escribe dos oraciones conectadas. Usa porque, entonces o pero.*

- **My claim is \_\_\_\_.**  
*Mi afirmación es \_\_\_\_.*
- **My evidence is \_\_\_\_, so \_\_\_\_.**  
*Mi evidencia es \_\_\_\_, entonces \_\_\_\_.*

---

---

---

### Explain

Write a claim, give math evidence, and explain your reasoning.

*Escribe una afirmación, da evidencia matemática y explica tu razonamiento.*

---

---

---

---

---

---

☐ I answered the question.

☐ I used math evidence: numbers, an equation, or a model.

☐ I used at least two math words.
